VISION

To be the Leading Service Provider in supply chain commerce by attaining utmost customer satisfaction with our par excellence services, competitive rates and entrenched infrastructure.

MISSION

To offer a full-fledged logistics solution under one roof by entering paradigms of distinct, flawless and time-bound commitments as per the desired dynamics of the industry thereby catering liner shipping agency, projects cargo, liquid tank container and freight forwarding.

PROFILE

KGL was founded in India as a company focusing on logistics, warehousing and consulting. As a logistics-oriented startup, the core of our business is to move the materials and commodities from where they are abundant to where they are most needed. But from day one, we have been determined to be a different breed of a service provider, always aiming to make a difference for our clients and business partners.

LINER AGENCY

- ☑ We represent our Principals in India and have a demonstrated history of handling cargo of diverse nature with an ease.
- ☑ We provide competitive rates and top-notch service to our clients.

NVOCC

- ☑ Global supply chains catering from all the INDIAN shores & satellite areas for all types of cargo Equipments adhering to the applicable rules & regulations.
- ☑ Robust network of partners across the globe for smooth shipping experience.

ISO TANKS & CONTAINERS

- ☑ We focus primarily on ISO Tanks specialized in handling liquid cargo whilst offering a wide range of services in Dry containers & Special Equipments.
- ☑ A strong corporate team to justify the services of our various Principals.

FREIGHT FORWARDING

- ☑ We offer easy Sea & Air freight at the best rates, smooth sailing experience for both Import & Export with our established global networks.
- ☑ Exclusive contracts with major shipping & airlines for competitive rates.

LOGISTICS SOLUTION & WAREHOUSING

- ☑ We continue to modernize our existing warehouse and distribution facilities to better serve the client's requirements
- ☑ We focus to provide higher efficiency and economical logistics solution.

CUSTOM CLEARANCE

- ☑ Handled by a group of professionals with desired vital skills ensuring speedy clearance for the cargo shipment. Proficient team to fast-track the shipments through Customs.
- ☑ Proficient team to fast-track the shipments through Customs.

PROJECT CARGO & BREAK BULK

- ☑ Handling project cargo from a broad variety of sectors backed by skilled and experienced team.
- ☑ Strategic planning & transport of large equipment quickly, efficiently and safely.

MARINE INSURANCE
